Hunger Action Network of New York State

Please plan to attend the 6th Annual Faith & Hunger Conference: The Many Faces of Hunger in America - Your Community Can Make a Difference.

Following his State of the Union address on February 8, 2005, President Bush submitted his 2006 budget request with significant reductions in our social safety net programs - Temporary Assistance for Needy Families (TANF), Head Start, child care block grants and school feeding programs. Unless we challenge our elected officials to protect the most vulnerable members of our society, this safety net will be dismantled.

Presentations by representatives of Bread For the World, the Hunger Action Network of NYS (HANNYS) and Rural & Migrant Ministry will help you understand more fully:

- the social safety net in the United States
- the critical status of health care in New York
- the plight of rural migrant farm workers in western New York.

The action workshop will be offered to help you and your congregation:

- Learn how to take action on preserving social safety net programs
- Organize an "Offering of Letters."

Spiritual reflection and music will be an important part of the day's agenda.

So join us! Together we can make a difference!
