

???.DIVEST FROM FOSSIL FUELS???

!!!YES!!!

SAVE THE PLANET AND THE PEOPLE :: GOD'S CREATION

Sponsored by the Interfaith Climate Justice Community of WNY

Rev. Peter Cook, Executive Director
NYS Council of Churches

The NYS Council of Churches **participates in the *Divest NY* campaign** and Rev. Cook will help ICJC focus on ways that we might become involved. The Council of Churches also advocates for the *NYS Climate and Community Protection Act*, legislation which would allow NYS to reach 100% renewables by 2050 or before. *Please plan to attend this important meeting.*

GOOD NEWS

- Governor Cuomo recently announced that he supports divesting New York's public pension funds from fossil fuel companies.
- New York City and State plan to #DivestNY's \$390 billion pensions from fossil fuels: "an undeniable victory for the global divestment movement"

Bill McKibben, 350.org co-founder, issued the following statement:

The dam has broken:

after years of great activism,

New York has taken a massive step towards divesting from fossil fuels. Coming from the capital of world finance, this will resonate loud and clear all over the planet.

It's a crucial sign of how fast the financial pendulum is swinging away from fossil fuels."
